3. Updates on Information Management Systems, MHPSS, and 4Ws

4Ws Online Platform:

- 38 organizations registered
- 15 active organizations
- 175 activities published by 15 organizations until March the 11th

MHPSS Monthly Indicators reporting for January 2019:

- 26 organizations registered
- 18 organizations have reported

➤ **MOPH would like to thank the following organizations for mapping out their activities:**

ALMahdi Scouts, Blue Mission Organization, Caritas, Embrace, EMDR Lebanon, IDRAAC, Imam Sadr Foundation, IMC, Intersos, MDM, Mousawat, MTI, Relief International, Tabitha, UNRWA

➤ **MOPH urges all the registered organizations to map activities as soon as possible**

1. Kind reminder that the deadline to submit the online monthly report for February is on the 15th of March. System would close after that!
2. Whenever you are done reviewing or reporting on the MHPSS indicators, do not forget to send to facility director

Kindly request a meeting with us for a walkthrough of any of the mentioned platforms. Any challenges? Questions? Please

contact: Alain Gebrayel – Gebrayel.alain@gmail.com

4. Updates on actions taken post-closure of the Fanar Psychiatric Hospital

- The Minister of Health has closed the Fanar Psychiatric Hospital where living conditions were not in line with human rights.
 - Patients were dispatched to safe institutions
 - Urgent medical needs were immediately addressed
 - Basic needs have been secured
 - A full bio-psycho-social assessment is being conducted and a report will be submitted to the minister to decide on next steps.
- Updates to be expected soon from the MOPH in relation to steps to be taken on mental health and human rights in Lebanon.

5. Issues/Updates Raised by Actors

- International Medical Corps will soon open a center providing MHPSS services in Abey.
- Challenge raised: Persons awaiting admission to Cross Hospital should undergo several tests before being admitted. If for any reason this person was refused admittance to Cross Hospital, then they must pay for the tests conducted. Unfortunately, these tests are not covered by NextCare. Families are finding difficulty paying for unexpected testing thus leaving the referring organization procuring the cost.

Next meeting: (9th of April from 2:00pm to 3:00pm, WHO Conference Room (-1)
