Madam, Sir,

We have identified that you received OPASTER ANIOS as listed in the above table and we have determined that it may contain the gram-negative bacteria *Pseudomonas oryzihabitans* and *Delftia Acidovorans*. We have not received any patient incident report to date about this product but as a precautionary measure, we are recalling all batches (Annex II) as they do not comply with our quality expectations.

*Pseudomonas oryzihabitans* and *Delftia Acidovorans* are opportunistic environmental bacteria rarely implicated in human infections.

They pose little medical risk to healthy people. However, immunocompromised patients are at higher risk of infection.

Corrective actions to eliminate the contamination source are being implemented and we have introduced additional hygiene security protocols.

For precautionary reasons, we ask that you stop immediately using the recalled products that you may have in stock, as there is a risk they may be contaminated.

We ask you to block and isolate these products. In addition, we need you to inform immediately your end customers and ask them to notify you of the quantities they have in stock. You will be required to collect the completed response form (Annex I) from your customers and share a consolidated form with us of all the products you have recalled to the following e-mail address: [Vigilance@anios.com](mailto:Vigilance@anios.com). Any quantity declared can be subject of verification.

Please acknowledge receipt of this communication by returning at your earliest convenience - but no later than 05/12/2019 - the completed and signed reply form.  
The proof of products' destruction could be requested to close the current action.

Your Anios representative will contact you to discuss the destruction of the recalled product you have in stock. We remain at your entire disposal for any question or assistance that you may need.

The undersigns confirm that this notice has been reported to the appropriate Regulatory Agency.

Please accept our apologies for the inconvenience it may have caused.

Yours faithfully

<p>Isabelle Prévost <i>Quality Manager</i></p>	<p>Dr Monique Manche <i>Materiovigilance Contact Person</i></p>	<p>Thomas Decoster <i>President</i></p>
