Description of the problem including the determined cause:

Trumpf Medical has been informed of one event in which an OR table top failed to operate properly during a procedure. There was no harm associated with the event.
If the failure will reoccur during a surgery the adjusted patient position cannot be changed or the OR table top cannot be removed from the OR table column. Emergency transfer is still possible as described in the user manual. Please note that the OR table column functions are not affected by the failure mode.

The root cause of the malfunction was identified to be a manufacturing error. We are not able to exclude the possibility that one of the above listed devices are also affected by the failure.

**Actions to be taken by the customer:**

To rule out the scenario described and in order to avoid any risk to patients, Trumpf Medical or an authorized service engineer will inspect the affected operating table tops and correct them if necessary.

You may continue to use the device until we are able to inspect the units. Only the longitudinal movement must not be activated to avoid the malfunction.

Trumpf Medical service or a Trumpf Medical authorized service engineer will be contacting you to arrange an appointment to carry out an inspection of your devices. Please help us to arrange setting up the visits by completing appendix 1 and returning it within one week.

**Passing along this information:**

Please make sure that, in your organization, all users of the devices listed above as well as any other personnel who must be informed, have been made aware of this Urgent Field Safety Notice. If you have provided devices to third parties, please forward them a copy of this notice, or inform the Trumpf Medical contact person you are aware of or contact the person listed above.

Please keep this notice at least until the action has been completed.

The appropriate Regulatory Agency has been received a copy of the Urgent Field Safety Notice.

**Confirmation of receipt**

Please confirm that you have received this Urgent Field Safety Notice by sending back the completed form listed in Appendix 1 within one week after the receipt of this letter. The on-time return will stop you from receiving further letters on this issue.

Trumpf Medical apologizes for any inconvenience this action brings to and thank you for your assistance in the timely implementation of this Field Action.

With best regards

---
