T2	18510932S	Femoral Nail, RIGHT T2 GTN Ø9x320 mm
T2	18511446S	Femoral Nail, RIGHT T2 GTN Ø14x460 mm

#### Lot #s: Only specific lot numbers are affected!

For details please see attachment: PFAA\_1774317 affected products list

#### Dear Customer,

The purpose of this notification is to advise you that Stryker Trauma GmbH (Trauma & Extremities Division) is conducting a voluntary recall for specific lots of the T2 Nailing System. These products were distributed to customers from 28.03.2018 – 10.04.2018. Attachment 1 includes a list of all products affected by this FSCA, and it may include products your account did not receive. Please refer above for Part and Lot Numbers that were identified as shipped to distributors and end users.

### **Reason for Voluntary Recall**

The manufacturer has discovered that potentially out-of-specification products may have left the factory. Non-conforming cannulation of the nails may result in reduced component strength and potentially premature nail breakage.

#### **Potential Hazards**

Premature nail breakage.

#### **Mitigating Factors**

None

#### Recommendations for patients already treated with an affected device

There are no additional follow-ups recommended for patients with an implanted product, this is based upon the fact that no additional harms have been identified. It is recommended that the surgeons continue to evaluate their patients through routine follow-ups. This is not a recall to explant the nail.

#### **Potential Alternative Products**

The removal of the products is lot specific. Not affected lots can be ordered and are available.

#### Actions to be taken by the Customer/User:

Our records indicate that you may have received one or more of the subject devices. It is Stryker's responsibility as the manufacturer to ensure that customers who may have received these affected products also receive this important communication. We therefore request that you read this notice carefully and complete the following actions.

- 1. Inform individuals within your organization who need to be aware of this device recall.
- Immediately check all stock areas and/or operating room storage to determine if any devices from the
  affected product list are at your facility. Response is required, even you may not have any physical
  inventory on site anymore.
- 3. Quarantine and discontinue use of the recalled devices.
- Maintain awareness of this notice internally until all required actions have been completed within your facility
- 5. Inform Stryker if any of the subject devices have been distributed to other organisations.
  - Please provide contact details so that Stryker can inform the recipients appropriately.
  - b) If you are a Distributor, note that you are responsible for notifying your affected customers.
- 6. Please inform Stryker of any adverse events concerning the use of the subject devices?

- 7. Please comply with any local regulations concerning the notification of adverse events to your National or local Competent Authorities.
- 8. Complete the attached customer response form (acknowledgement form). It may be that you no longer have any physical inventory on site. Completing this form will allow us to update our records and will also negate the need for us to send any further unnecessary communications on this matter. Therefore please complete even if you no longer have any of the subject devices in your physical inventory.
- 9. Return the completed form to your nominated Stryker Representative (indicated below) for this Action. We request that you **respond to this notice within 7 calendar days** from the date of receipt. On receipt of the form, a Stryker Representative will contact you to organize any applicable ongoing actions. We appreciate your cooperation and we recognize the inconvenience this may cause your facility. Thank you for your support on this important matter.

Your designated contact person for this action is given below. Should you have any queries concerning this matter please do not hesitate to contact them directly
