The EPHRP is funded through a grant from the multi-donor trust fund managed by the World Bank. The project was declared effective in July 2015. Implementation was initiated in June 2016. The project was extended till end of 2019. The project aims to deliver a package of essential healthcare services to 150,000 vulnerable Lebanese in 75 PHCCs. As of Q2 2018 the project contracted all 75 targeted PHCCs.

Mental Health

Depression Screening is a two-stage process. The above chart describes the results of users who screened positive in the 1st stage and were referred to the 2nd stage.
The Accreditation program founded in 2008 in collaboration with Accreditation Canada, aims at improving adherence to quality standards at the National PHC Network. The EPHRP supports the scale-up of the Accreditation program to the entire network (229 PHCCs).
